Via Meravigli 9/b, sala Ottagonale

#### COLLOQUIUM WITH CAROLINE BERUBE Managing Partner of HJM Asia Law & Cajola

The Colloquia on international arbitration are addressed to professionals and in-house counsels already familiar with the subject of international arbitration. Exchanging views with arbitration experts from different jurisdictions will give the participants practical tips on how to use arbitration at different latitudes. The Colloquia are held periodically in an informal round-table setting. This aims to encourage the participants to share their experiences with a view to professional development and networking.

The Colloquium of today deals with the latest development in arbitration in China with the aim of setting a bridge on the legal and cultural sides of doing business in China.
